WESTCHESTER COUNTY HISTORICAL SOCIETY

A LIBRARY AND RESEARCH CENTER

# Revolutionary War Soldiers Burial Index

This index contains the names of soldiers who fought in the Revolutionary War and are buried in Westchester County, New York. It also includes entries for some soldiers from Westchester County who were buried outside of the county. This list was compiled from a variety of sources. The main source for the list is the Westchester County Archives Veterans Works Progress Administration (WPA) Cemetery Records collection. In 1939-1940, the WPA created a survey of the graves of veterans in Westchester County. This survey is available through the Westchester County Archives Digital Collections website. The WPA collection includes cards for each veteran that contain some biographical and military service information, as well as maps of many of the cemeteries in the county. In 1966, historian Margaret Roebling Manville isolated the records of the Revolutionary War veterans from the WPA collection in a compiled manuscript housed in the WCHS Library, and added notes where relevant. Additionally, the WPA did not survey any cemeteries in the Town of North Salem. The entries in the table for soldiers buried in that town were added from a list created by the North Salem Town Historian. The information from these works has been incorporated into the table below. When available, links to the corresponding cards and maps from the WPA collection are provided, as well as a link to each veteran's entry on Find a Grave, a crowdsourced online database.

In compiling this table, WCHS staff and volunteers have attempted to create a comprehensive resource and verify previous research. In doing so, we have encountered some discrepancies, and acknowledge that this is a working document. We welcome additions and corrections to this table, which may be sent to us through our website: https://westchesterhistory.com/about/contact-us/
